Caitlin Talbert

Full Stack Web Developer / UX Designer

Austin, TX | 830-483-0005 | zerotalb@yahoo.com | GitHub: CaitlinTalbert | LinkedIn: caitlin-talbert-22ba69225

TECHNICAL SKILLS

Front End: React.js, Redux, Hooks, Context API, Jest, Cypress, Axios, JavaScript, HTML, CSS
Back End: Node.js, Express, SQL, PostgreSQL, GitHub, VS Code, Vercel, Heroku, Netlify
UX Design: UX Research, Figma, Adobe XD

PROJECTS

Personal Portfolio Website, *Full Stack Developer*   GitHub | Website
- Developed personal portfolio website using React to illustrate personal style and showcase current projects
- Deployed website using Netlify

AnywhereFit, *Frontend Developer*   GitHub
- Built a React app that gave fitness instructors a way to maintain schedules, allow clients to book classes and trainers, maintain records for members, and track sales
- Created styling using JavaScript, HTML, and CSS
- Enabled login/logout functionality through local token storage, removing token upon logout to prevent hacking, and including Axios and React private routes to access user-specific associated endpoints

Water My Plants, *Full Stack Developer*   GitHub
- Created an easy to use React app that helps users create a plant watering schedule tailored for individual plants
- Developed a sign-up page and functionality that allows users to create, update and delete their plant lists, utilizing Javascript, HTML, and CSS for styling and Axios to connect to backend
- Wrote Node.js backend utilizing Express and SQL to establish database structure, accessed through Express routing and API endpoints, enabling user ability to register, login, logout, list all plants, and associated CRUD functionality
- Deployed app via Heroku

CoderHeroes, *Frontend Developer and UX Designer*   Website
- Wrote JavaScript to make website mobile responsive at 700px, 550px, and 1200px
- Redesigned the admin flow and designed the booking and payment flow

EXPERIENCE

Various Coffee Shops, *Austin, TX-Assistant Manager/Barista*   **2014-2021**
- Managed multiple management responsibilities including interviewing, hiring, and training new employees, product inventory and supply, and establishing staffing schedule
- Conducted lead barista responsibilities including distribution of task assignments and ensuring all duties completed before closing shifts
- Utilized strong communication and problem solving skills to effectively resolve customer and staff concerns

Central Texas Medical Center, *San Marcos, TX - Dietary Aid*   **2018-2019**
- Prepared food following nutrition guidelines while adhering to safety and health standards
- Worked closely with the Dieticians on details of patient allergies and restrictions to create meal plans accordingly
